

NATURAL INGREDIENTS

LUSTREL LABORATOIRES

A EUROPEAN LEADER FOR SOURCING AND DISTRIBUTING NATURAL INGREDIENTS

LUSTREL Laboratoires sources its natural ingredients from world's leading suppliers that are strictly selected.

Our research, design and qualification methods ensure reliable and sustainable sources.

Our commitment:

Stringent selection, traceability and quality

- Long-term partnerships with our suppliers.
- Inspection of our suppliers' crops, installations, processes and quality assurance procedures.
- Systematic analysis before importing and upon receipt of each batch by certified, accredited and independent European laboratories.
- Natural organic ingredients..

Inventory, flexibility and service

- Permanent availability on inventory.
- Refrigerated storage and transport for sensitive products.
- Shipments in any quantity: from kilos to tons (Europe and outside the EU).
- Competitive pricing.
- Annual procurement policy and imports by full container loads.

Quality control Audit plans, traceability, batch records

Quality controlled and approved by the main certifying bodies

- ISO 22000 Certification
- Organic Certification
- Veterinary and sanitary certificates

Our strengths

- Stringent selection for high quality
- Traceability guaranteed on each entering batch
- Flexibility and service
